Franciacorta

CURTEFRANCA DOC VIGNA TAJARDINO 2019

Merlot, cabernet sauvignon and cabernet franc grapes come from a single vineyard, that our family has been processing pure to make its wines since 1983, now grown using biodynamic agricultural methods.

Fermentation is achieved using native yeasts followed by prolonged contact with the skins. Refined for three years in large oak barrels, it was bottled on January 13, 2023, unfiltered.
